

CURBSIDE COLLECTION

CART PLACEMENT REMINDERS

How to Store Carts

- During non-collection days, carts must be placed in your garage or along the side of your home/garage.
- Carts cannot be stored in the front (street side) of your home.

When to Set Carts Out

- Carts must be set out by 7:30 AM on your collection day, regardless of what time collection normally takes place in your neighborhood.
- Carts can be placed at the curb or alley as early as 5:00 PM the night before your collection day.
- Carts need to be removed from the curb or alley by 6:00 PM on collection day.

How to Set Carts Out

- Carts must be placed parallel to the roadway, alley, or your driveway with the cart's numbered side facing the street.
- Do NOT place carts in the street.
- Carts must be spaced four feet apart from each other and four feet away from other objects such as trees, mailboxes, parked vehicles, etc.

Collections During Snowfall

- Unless the City announces a delay in service, garbage and recycling collections DO NOT change based on the weather.

Tips to avoid a missed collection during the winter months:

1. Carts need to be placed on a level surface, clear of snowbanks.
2. Do not leave carts behind snowbanks.
3. Shovel an area at the front of your property line to set the carts at the curb or alley.
4. If your driveway is clear, set the carts at the end of the driveway.
5. Be sure there is at least four feet of space between any obstacles.
